

STUDENT SESSION

Cursed Wish Repair Shop

Name: _____ Class: _____ Date: _____

The genie's one rule: it grants exactly what you SAID — never what you MEANT. A **cursed wish** is one the genie can twist. A **genie-proof** wish can't be twisted. Genie-proof every wish with all three **P.R.O.** parts:

- **P — Purpose:** what you want + who it's for
- **R — Requirements:** the rules (at least 2) — length, tone, format, what to include or leave out
- **O — Output:** what the finished answer should look like (a list? a table? a paragraph?)

CURSED WISH #1 — AMARA'S SPACE POSTER

Amara's science poster is due Friday. She typed *"tell me about space"* — and got 40 pages on the history of NASA. Rewrite her wish so the genie can't get it wrong. Use P, R, and O:

CURSED WISH #2 — MATEO'S HEADPHONE FUND

Mateo gets \$15 a week and wants \$120 headphones. He typed *"help me save money"* — the genie answered: "Stop buying things." Rewrite his wish. Use P, R, and O:

CURSED WISH #3 — YUKI'S HERO STORY

Yuki wants an anime-style story for the class magazine. She typed *"make a story about a hero"* — the genie wrote: "Once there was a hero. The end." Rewrite her wish. Use P, R, and O:

✦ BE THE WORST GENIE EVER — BREAK YOUR PARTNER'S WISHES

Swap sheets with your partner. You are now their genie: grant the exact words, not what they meant. Say your twist out loud to your partner, then check the boxes. Write your best one below. Then swap back.

GENIE-PROOF CHECKLIST	WISH 1	WISH 2	WISH 3
P — Says what they want AND who it's for?	☐	☐	☐
R — Gives at least 2 rules (length, tone, format, include / leave out)?	☐	☐	☐
O — Says what the finished answer should look like?	☐	☐	☐
✦ Genie test — You tried to twist it and couldn't? (✓ = genie-proof)	☐	☐	☐

Your best (sneakiest) twist: which wish, and exactly what would the genie hand back?

✦ EXIT TICKET — LAST CHECK (your own sheet)

1. Write one genie-proof prompt you could really use this week for another class. Use all three parts: P, R, and O.

Now put your hand over everything after your first five words. If that was the whole wish, what would the genie hand back? One sentence:

2. Genies are tricksters: AI can grant your wish with made-up facts — and sound totally sure. Here is the genie's answer to a repaired wish about black holes:

Genie: *Here are facts for your black hole poster. A black hole is a place in space where gravity pulls so hard that even light can't escape. Scientists took the first-ever photo of a black hole in 2009, and the biggest black holes sit in the middle of galaxies — including ours.*

Which sentence would you double-check, and where — a real source (a textbook, a science website, a librarian...)?

Be honest with yourself: If the genie does your homework, your name is on a wish you never earned — and you'd know it. Use AI to think WITH you, not FOR you.
