

Prompt Remix Studio

Name: _____ Class: _____ Date: _____

The P.R.O. Framework — every strong prompt has all three:

- **P — Purpose:** what you want + who it's for
- **R — Requirements:** length, tone, format, include / avoid
- **O — Output:** what the final answer should look like

TRACK 1 — REMIX THIS PROMPT

Weak prompt: *"tell me about space"*

Your remix:

TRACK 2 — REMIX THIS PROMPT

Weak prompt: *"help me save money"*

Your remix:

TRACK 3 — REMIX THIS PROMPT

Weak prompt: *"make a story about a hero"*

Your remix:

PRODUCER'S CHECKLIST — SCORE YOUR PARTNER

Swap sheets. For each remix, check what your partner's prompt includes:

CHECK	TRACK 1	TRACK 2	TRACK 3
P — Clear purpose and audience?			
R — At least 2 requirements (length, tone, format, include/avoid)?			
O — Says what the output should look like?			
 Bonus — Would this prompt get a GREAT answer on the first try?			

Producer's note to your partner (one thing to level up):

EXIT TICKET

1. Write one P.R.O. prompt you could really use this week for another class:

2. AI answers can sound confident and still be wrong. What is ONE thing from that answer you would double-check, and where would you check it?

Keep it 100: AI is a collaborator, not a ghostwriter. If you turn in its work as yours, you learned nothing and risked everything. Producers get credit because they **DIRECT** the work.
