

FRAME 1 OF 10 • IS IT TRUE?

Fact Desk

Check a story before you repeat it. Name: _____

Story: _____

Where I saw it: _____ Date: _____

The method

1. **UNDERLINE** every claim you could check: names, dates, numbers, places, quotes. Story is a video? Write three things it shows or says, then underline those.
2. **MARK** them. Write **C** next to claims to CHECK. Write **S** next to SAFE ones everyone knows.
3. **LEAVE** the story. Name a second source for each C. A second source is NOT where you first saw it.
4. **VERDICT**. Check one stamp. Give your evidence.

CLAIMS I MARKED C

CLAIM (COPY IT HERE)	SECOND SOURCE: WHERE I'D CHECK IT

Counts as a second source: a textbook, an encyclopedia, a museum or government site, or a different outlet that didn't copy the first. **Does not count:** asking the same AI again, or "I'd Google it" with no source named.

VERDICT

☐	RUN — it's clean, pass it on	☐	FIX — correct it, then pass it on	☐	KILL — don't repeat it
--------------------------	-------------------------------------	--------------------------	--	--------------------------	-------------------------------

My evidence — what I found (or what I'd need to find). Does the story's main point still stand?

SO WHAT? Why does this matter to someone my age?

FRAME 2 OF 10 • WHO WINS, WHO LOSES?

The Trade

Every change is a trade. Find both sides. Name: _____

Story: _____

Where I saw it: _____ Date: _____

The method

1. **NAME** the change in the story. One sentence.
2. **WHO WINS?** What do they get?
3. **WHO LOSES SOMETHING?** Somebody always does. Look harder.
4. **WHAT COULD GO WRONG** later, even if it works at first?
5. **MY CALL.** Is the trade worth it? Say why.

The change — in one sentence:

Who wins? What do they get?

Who loses something? What do they lose?

What could go wrong later?

MY CALL

☐	WORTH IT — the wins beat the losses	☐	NOT WORTH IT — too much lost	☐	ONLY WITH A RULE — fix the risk first
--------------------------	--	--------------------------	-------------------------------------	--------------------------	--

Because — name the win or the loss that decided it:

SO WHAT? Why does this matter to someone my age? _____

FRAME 3 OF 10 • WHAT SHOULD THE RULE BE?

Write the Rule

Don't argue about who's right. Write the rule you'd want. Name: _____

Story: _____

Where I saw it: _____ Date: _____

The method

1. **THE QUESTION.** What is the story trying to decide? Write it as a question.
2. **THREE RULES** that could answer it, each a different kind: strict, loose, in the middle, creative.
3. **GRID** each rule: who it helps, who it hurts, what it costs (money, time, or freedom).
4. **MAKE IT A POLICY.** Fix any clash so the three rules work together. Then number them in the order they'd happen.
5. **DEFEND ONE** in three sentences: the rule, the reason, the proof.

The question the rule has to answer:

RULE	WHO IT HELPS	WHO IT HURTS	WHAT IT COSTS

The fix I made so the rules don't clash: _____

🔍 DEFEND ONE RULE — THREE SENTENCES

Need a start? The rule is _____. It matters because _____. The story backs this up because _____.

🔍 SO WHAT? Why does this matter to someone my age?

FRAME 4 OF 10 • IF IT'S FREE, WHO PAYS?

Who Pays for Free?

Free things still cost money to run. Find who covers it. Name: _____

Story: _____

Where I saw it: _____ Date: _____

The method

1. **NAME** the free thing and what it costs to run. None in the story? Use a free app, game, or site you use.
2. **SEVEN WAYS** to pay the bills are in the grid. For each, write one gain and one loss for users.
3. **PICK ONE** you would choose if you ran it. **SAY WHY** in three lines. Name the loss you can live with.

The free thing: _____

What it costs to run: _____

WAY TO PAY THE BILLS	ONE GAIN FOR USERS	ONE LOSS FOR USERS	PICK
Donations — people give money if they want to.			☐
Ads — companies pay to show you stuff.			☐
Membership — everyone pays a little each month.			☐
Extras — free, but you can buy skins, upgrades, or bonus stuff.			☐
One sponsor — one company pays for it all.			☐
Taxes — the government pays, with tax money from everyone.			☐
Bigger owner — a big company buys it and pays its bills.			☐

🔍 WHY I PICKED IT _____

Need a start? I'd pick _____ because the gain is _____. I can live with the loss because _____.

🔍 SO WHAT? Why does this matter to someone my age? _____

FRAME 5 OF 10 • WHICH DEAL IS REALLY CHEAPER?

Unit Rate Receipt

Compare the price of ONE thing, not the sticker. Name: _____

Story: _____

Where I saw it: _____ Date: _____

The method

1. **THREE OPTIONS** from the story. Story has fewer? Use three plans or bundles from an app or game you know. Write the price and how much you get for each.
2. **PICK THE UNIT:** one hour, one month, one gigabyte, one in-game coin. Same unit for all three.
3. **COST PER UNIT** = price ÷ amount. Show your math.
4. **MATCH** each person below to the best option for them. Say why.

One unit = _____ (one hour, one month, one coin...)

OPTION	PRICE	HOW MUCH YOU GET	COST PER UNIT

Show your math — price ÷ amount for each option

🔍 BEST OPTION FOR EACH PERSON

PERSON	BEST OPTION	WHY
Uses it a little — a few times a month.		
Uses it most days after school.		
Shares one plan with two other people.		

🔍 **SO WHAT?** Why does this matter to someone my age? _____

FRAME 6 OF 10 • HOW BIG IS THE CHANGE, REALLY?

Percent Change Card

A price change, as a percent and as hours of your life. Name: _____

Story: _____

Where I saw it: _____ Date: _____

The method

1. **OLD and NEW** price go on the card. Not in the story? Use a price you know: a game, a bus fare.
2. **DIFFERENCE** = new – old.
3. **PERCENT CHANGE** = difference ÷ old × 100. Round to the nearest whole percent.
4. **HOURS OF WORK** = new price ÷ pay per hour. Use a pay rate you could really earn.
5. **SAVE-UP PLAN**: split the new price over eight weeks. Say where each week's money comes from.

Not a price? (jobs, players) Do steps 2–3. On the money lines, say what the change means for one person.

OLD PRICE	NEW PRICE	DIFFERENCE (NEW – OLD)	PERCENT CHANGE

Show it: _____ ÷ _____ × 100 = _____ %

My call for someone my age:	☐	BIG DEAL	☐	NOTICEABLE	☐	NO BIG DEAL
-----------------------------	--------------------------	----------	--------------------------	------------	--------------------------	-------------

Hours of work: at \$ _____ an hour, that's _____ hours. Show it: _____

🔍 EIGHT-WEEK SAVE-UP PLAN

WEEK	SAVE THIS WEEK	TOTAL SO FAR	WEEK	SAVE THIS WEEK	TOTAL SO FAR
1			5		
2			6		
3			7		
4			8		

Money lines: where each week's money comes from (chores, a job, gifts, skipping something).

🔍 **SO WHAT?** Why does this matter to someone my age? _____

FRAME 7 OF 10 • WHAT GOT COPIED?

Copy, Style, or Person?

A work, a style, a person: three different things to copy. Name: _____

Story: _____

Where I saw it: _____ Date: _____

The method

1. **A WORK** is one thing someone made: a song, a drawing, a story. **A STYLE** is the way someone makes things: their look, their sound. **A PERSON** is someone's face, voice, or name.
2. **SORT** each row. Check one box per row. Row 9: write what got copied in your story, then sort it.
3. **DRAW YOUR LINE.** Which kinds of copying are OK? Where does copying cross the line?

#	WHAT HAPPENED	WORK	STYLE	PERSON
1	Traces a drawing line by line and posts it as their own.	☐	☐	☐
2	Draws comics in the same anime style as a famous series: big eyes, bold lines.	☐	☐	☐
3	Uses a singer's real voice to make a song that singer never sang.	☐	☐	☐
4	Puts ten seconds of a hit song into a beat without asking.	☐	☐	☐
5	Writes a story with the same plot as a famous book. Only the names change.	☐	☐	☐
6	Makes a video where a real athlete's face says words they never said.	☐	☐	☐
7	Cooks a dish "in the style of" a famous chef and sells it.	☐	☐	☐
8	Learns a dance from a video and does it at the talent show.	☐	☐	☐
9		☐	☐	☐

WHERE I DRAW THE LINE

Need a start? Copying a _____ is fine when _____. It crosses the line when _____.

SO WHAT? Why does this matter to someone my age?

FRAME 8 OF 10 • WHO'S TELLING ME THIS, AND WHY?

Source Check

A source can be true and still be selling you something. Name: _____

Story: _____

Where I saw it: _____ Date: _____

The method

1. **WHO MADE THIS?** A company, a group, one person, a news outlet?
2. **WHO PAID** for it? Follow the money. Story doesn't say? Write "not stated," then say what that tells you.
3. **WHAT DO THEY GAIN** if you believe it?
4. **FIVE STATEMENTS** from the story. Check one for each: a **FACT** you could check, or an **OPINION** the source pushes.
5. **TRUST IT?** Say why, or why not.

Who made it: _____

Who paid for it: _____

What they gain if I believe it: _____

STATEMENT FROM THE STORY	FACT I COULD CHECK	OPINION IT PUSHES
	☐	☐
	☐	☐
	☐	☐
	☐	☐
	☐	☐

Fact = you could check it and prove it true or false. **Opinion** = what the source wants you to believe. Nobody can prove it.

WOULD I TRUST IT? _____

SO WHAT? Why does this matter to someone my age? _____

FRAME 9 OF 10 • WHAT MAY AN AI HELPER DO ON ITS OWN?

Permission Slip

An AI helper can act for you. Decide what it may touch. Name: _____

Story: _____

Where I saw it: _____ Date: _____

The method

1. **READ** each row. Rows 9 and 10: add two things the AI in your story could do (no AI? imagine one).
2. **CHECK ONE:** ALLOW (go ahead) · CHECK FIRST (ask me every time) · DENY (never).
3. **ONE-LINE REASON** for each. "Because it could _____."
4. **THE RISKY COMBO:** find two rows that are fine alone but dangerous together.

#	THE AI HELPER COULD...	ALLOW	CHECK FIRST	DENY	MY REASON: BECAUSE IT COULD...
1	Read all my messages to find one.	☐	☐	☐	
2	Delete photos it thinks are blurry.	☐	☐	☐	
3	Send a message to a friend, as me.	☐	☐	☐	
4	Buy something with a saved card.	☐	☐	☐	
5	Change a password.	☐	☐	☐	
6	Post to my account.	☐	☐	☐	
7	Sort my photos into albums.	☐	☐	☐	
8	Share my location with a contact.	☐	☐	☐	
9		☐	☐	☐	
10		☐	☐	☐	

THE RISKY COMBO

Need a start? Rows _____ and _____ are fine alone. Together they could _____.

SO WHAT? Why does this matter to someone my age?

FRAME 10 OF 10 • WHAT WOULD HURT MOST TO LOSE?

Risk Grid

You can't protect everything. Spend where it hurts most. Name: _____

Story: _____

Where I saw it: _____ Date: _____

The method

1. **FIVE THINGS** worth protecting: from the story, or your own phone, game saves, bike, account.
2. **RATE** 1 to 3. Cost to replace: 1 = cheap or easy, 3 = expensive or impossible. How bad if it's gone:
1 = annoying, 3 = disaster.
3. **SCORE** = cost × how bad. The highest score gets protected first.
4. **SPEND 10 COINS**. Buy two protections for your top-scoring things. Some pairs cost more than 10. Say why those two.

THING TO PROTECT	COST TO REPLACE	HOW BAD IF GONE	SCORE

Protection menu — you have 10 coins. Buy two.

BUY	PROTECTION	COINS
☐	A tracker, or a label with your name on it.	2
☐	A lock or a passcode.	3
☐	Someone you trust keeps an eye on it.	5
☐	A backup copy kept somewhere else.	7
☐	Insurance: pay now, get money back if it's lost or stolen.	9

Why these two? And what did you leave unprotected?

SO WHAT? Why does this matter to someone my age? _____
